Quicksy onsurprise move days

. (honestly thought it would have fallen apart by or before today - mostly changing color, dropping a bit, hard to notice)

hypnotic, narrative, psychotic
This Body MUST Die, among of everything, ∆ a gnostician
This idea must die/ complex adaptive systems, unification
All is water, agonizing beauty, math, a proximations
in finite limits, symmetries, Allegories/reflections, perfection,
essential organizing principal: FAMILY. The anti diseased ongoing
reconstituting disease ecocentric paradigms (spectrum of conditions)

hardwired brain ✗ seemingly unchangeable (pg 18)
plasticity = modified behavioral states + Practice makes perfect
everything we do affects the nervous system (no pians/pods)
pg 22 'rocket scientist', quantum (fractional humans units), networked
online and cultured - INDIVI-DUALITY, ecosystems in space & time
(ox bacteria to humanoids), gut brain axis & dangerous monoculture
bees pg 30; brain size & superiority, race & pattern/upgrade, The
Brain Book - TW

The false belief that man are sinners! created a corrupt, numbed, out of date (w/ behavior having dev and work of art NOT ADAPTIVE

I AM NOT GUILTY, HUMANS ARE NOT GUILTY, WE ARE NOT RATIONAL, we must learn rational, a voice of truth must be present and also understood until then, no free will (everything is personal

it always is but w/ Logic it turns into an extraordinary adventure until one no longer/or always does

ations
